Cool Roses

Annual Picnic & Workshop

Learn how to propagate roses from cuttings.

This is a hands-on workshop. Each person will receive a 30 plug tray to propagate the roses you choose. You will select and propagate your choices. Then the roses will be placed in Cool Roses' mist house. In about a month, you will pick up your rose plants. Each person should go home with at least 20 plants.

Cost

Members: $20.00

Non Members: $40.00
